CONDITIONS OF CARRIAGE AND ADVICE TO INTERNATIONAL PASSENGER ON LIMITATION OF LIABILITY

6F-15

Passengers on a journey involving an ultimate destination or a stop in a country other than the country of origin are advised that the provisions of a treaty known as the Warsaw Convention may be applicable to the entire journey, including any portion entirely within the country of origin or destination, that in most cases limits the liability of the carrier for death or personal injury and in respect of loss of or damage to baggage. For such passengers, the convention and special contracts of carriage embodied in applicable tariffs provide that the limit of liability for each passenger for death, wounding, or other bodily injury shall be the sum of U.S. \$75,000 inclusive of legal fees and costs, except that, in case of a claim brought in a state where provision is made for separate award of legal fees and costs, the limit shall be the sum of

U.S. \$58,000 exclusive of legal fees and costs. The carrier shall not, with respect to any claim arising out of the death, wounding, or other bodily injury of a passenger, avail itself of any defense under Article 20(1) of said Convention as amended by the Hague Protocol signed September 28, 1955. The names of carriers parties to such special contracts are available at all ticket offices of such carriers and may be examined on request. Additional protection can usually be obtained by purchasing insurance from a private company. Such insurance is not affected by any limitation of the carrier's liability under the Warsaw Convention or such special contracts of carriage. For further information please consult your airline or insurance company representative.

MAC NOTICE TO INTERNATIONAL PASSENGERS TRAVELING ON COMMERCIAL AIRLIFT CATEGORY "B" CONTRACT FLIGHTS

This transportation is being furnished you pursuant to a contract between the carrier and the Government. This contract includes language which provides in part that if a court of competent jurisdiction determines that the Warsaw Convention (49 Stat. 3000) entitles the carrier to limit its liability, then the carrier agrees, in accordance with Article 22(1) of said convention, that the limit of liability for each passenger for death, wounding, or other bodily injury shall be U.S. \$75,000, inclusive of legal fees and costs, except that, in case of a claim brought in a state where provision is made for separate award of legal fees and costs, the limit shall be the sum of U.S. \$58,000, exclusive of legal fees and costs; and that the carrier shall not, with respect to any claim arising out of the death, wounding, or other bodily injury of a passenger, avail itself of any defense under Article 20(1) thereof. Said contract provision applies regardless of places of origin, destination, or stopping. Under this contract, the carrier's liability for checked baggage is limited

to \$8.00 per pound; for unchecked baggage and items of personal property, the limit is \$340.00 per passenger. The carrier's liability for unchecked baggage and items of personal property exists only when the loss or damage was caused by the carrier. The Warsaw Convention requires that a passenger ticket be issued, and that certain matters be stated thereon. This language is set forth above on this ticket. Whether the Warsaw Convention is applicable and whether the carrier can limit its liability to the amounts specified above are matters for resolution by a court of competent jurisdiction. The issuance of this ticket is not to be construed as constituting any opinion of the Government with respect to these questions. Nothing herein shall be deemed to affect the rights and liabilities of the carrier with regard to any claim brought by, on behalf of, or in respect of any person who has willfully caused damage which resulted in death, wounding, or other bodily injury of a passenger.
