Lai Khe, Viet Nam

Dear Mom + Dad's

Well I guess you heard about
Lai Khe again, we were hit again
early this morning. Rockets and mortars
about 150 rds, I slept in the bunker
last night nice and safe. I'm in
the bunker again tonight. The VC
missed us and didn't even hit
any ships, mainly the infantry and
brigade and 1st Infantry headquarters.

I got a letter from Jim today
and he has some ear trouble
and has to get an operation.
He says Athens is OK but no
night life..

Have you talked to Rich lately
and don't let him join the
Air Force tell him to wait until
April when I get home.

Its so dry now the dust is
a foot thick and dust storms
everytime a chopper lands. Works
a hard as ever, building bunkers
with our time off.

I've been thinking of starting
school in January, where? I don't
know but I have alot of time
to think.

Everything is O.K. Write

Love
Greg,
