Dear Sirs,

I am a 27 years old Vietnamese refugee. I left Vietnam seven years ago and live now together with my wife and our daughter in Norway.

It has come to my knowledge that you would help the Vietnamese political prisoners who, because of their background before 1975, have endured and still endure the hardness established by the Communistic government.

I would like to bring to your attention that my father is such a case. He was a Chief Police, and later Member of the municipal Council of Binh Dinh. During his works, he had also a close co-operation with Americans. In 1975, communists arrested and sent him to the jails (re-education camps) for seven years. He is now released and lives with my mother and my brothers and sisters in Long Khanh, Vietnam.

Although my father is now released, he still has difficulties in living normally there. He has additionally an asthma which he got from the jails and which needs a sufficient treatment. He therefore would like to leave Vietnam in some way or other.

I am writing this letter to ask you if you could help my father as he desires. Or, you could show me which way I should follow to help him. If you need more detailed information about my father's background, I hope you will be pleased to write to me. Please inform me also if I can write to you in Vietnamese.

I look forward to hearing from you soon.

Yours respectfully,

Phan Thanh Xuan
