Dear Mrs. Tho,

Thank you so much for your fax that you sent me yesterday. I really appreciate your efforts to help me finding a Vietnamese person who has been to the US embassy in Saigon in 1975 in order to get on one of the helicopters that left for the US.

Let me give you a suggestion for an ad that could be put in the Vietnamese newspaper that you were talking about.

**Vietnamese refugees wanted**

Zolcer TV, a German TV production company, looks for Vietnamese refugees who were at the US embassy in Saigon in April of 1975 in order to get on one of the helicopters and to escape to the United States. We would like to interview a man or a woman who could not make it out and who got stuck in Vietnam and then was able to escape to the US later on. The context that the interview would be placed in is a major documentary series about the past century which will be aired on Germany's biggest public television station. Every episode represents the most important event of one year. Hence, we need the interview partner for the episode about 1975 which

is about the end of the Vietnam war. Please contact us either by phone (703)524-5581 or fax (703)524-5584. It would be great if you lived in the greater Washington DC area.

I hope you will find a way to put this ad in the newspapers you were talking about or even put in on the radio.

Thank you so much for your help again.

Yours truly,

Connie Donath
