

Fox Note

(1) We sent a letter to Mr. Steve Fox following our meeting with Kathleen Thompson and Janelle Jones of INS. In that letter I asked to meet with him to discuss these issues. INS had suggested that we take up these issues with the State Department, since PRM has management responsibility for the ODP. In that letter I also included a copy of the minutes for our meeting with INS.

(2) After not receiving a response to the letter, I called Mr. Fox's office and asked about the meeting. He told me that he would talk to Terry Rusch about my request and would call me soon after his talk with Terry.

(3) Mr. Fox did not call, so I called him again on Tuesday, April 30th. His secretary said he would call me, but he did not. We are still waiting for his call.

Note: It seems to us that Mr. Fox and his office are avoiding a meeting with us. Our Associations and the Vietnamese community throughout the U.S. are very anxious about these issues and we need to know what we can do.
