associated with the
employees ~~working with~~ 1975, and ~~civil servants~~

are compared to those in concen-

worse because according to live
testimony from witnesses who
had been imprisoned in these camps
the lack of medical care and
treatment, of medicine and
and ~~food~~ particular of decent nutrition
has caused diseases, ~~and~~ deaths ^{am}
the prisoners ~~that~~ ~~assume~~ a decent ~~human~~
humanitarian regime could not
allow ~~although~~ ~~involuntarily~~

for years also do not have
~~the~~ a humanitarian right
to family visitations ~~their~~
~~in~~ family which are only afforded
to them according to the will of

~~circumstances~~ surrounding political
circumstances in VN.

We feel and we are confident that

same manner and agree with us that
there is almost no one more
deserving humanitarian assistance
and rescue than these VN people

humanitarian and for assistance
purpose to exist are for
to people who need your help
in order to intervene and pledge
with the Vietnamese authorities
to allow a better ^{visitation} conditions for the
prisoners ~~those camps~~ - and in procuring the
deplorable situations in these prisons.
We believe that not any
organization, or anyone else in
the world could call for a humane
and plea to the VN authorities
about this tragedy than your organization.

For ~~these~~ reasons, and in the hope for
a ~~human~~ step towards a huma-
nitarian ~~you~~ assistance, we
are writing to you to urge you
to accept assisting us. ~~in order~~
to ~~realize~~ achieve the purpose of this
letter, that is your intervention with
the VN authorities to allow packages
of gifts sent to the prisoners from
our organization for the North
