

Feb. 4, 1991

Don C. Thomson  
Historian/Curator  
HA(L)-3 Seawolf Assn.

Jim Caldwell  
United Technologies Hamilton Std. Elect.

Dear Jim,

Just wanted to drop you a line to thank you for the several  
buckets of Seawolf historical information that you have forwarded to  
me beginning in 1987. It was all very helpful and much appreciated.  
You asked in one of your letters if I was the same Don Thomson that  
went through Ft. Rucker with you the summer of 1970 and put on a water  
ski show for the Army on the fourth of July. I am the same guy. That's  
where Dick Barr and I got to be friends and we've been close ever since.  
I remember you well from that summer. I was back at Ft. Rucker for Jan.,  
Feb., and Mar. 1990 and my BOQ room was only two rooms down from the  
one I had the summer of 1970! I was there last year for a school as I  
currently fly Cobra's for the Missouri Guard. Flying gunships is like  
an addiction that I just never could break.

To update you on the association: I think I will be on active  
duty and will probably miss the San Diego reunion in June. I have found  
a professional Naval Aviation author to write a book on the Seawolves.  
His name is Peter Mersky and he was recommended highly by the Naval  
Historical Center and The Naval Aviation History Office. He is currently  
the acting editor of Approach magazine so that is all good news for the  
Assn. It seems as if the San Diego reunion preparations are coming along  
nicely but I would be highly surprised if they were able to acquire an  
aircraft to dedicate to the museum there. I know first-hand the effort  
it took to acquire the one we donated in P-Cola. It's a real effort.

Enough of this B.S. but really did want to thank you for your  
help and just to stay in touch. I will give you a call anytime I'm in  
your part of the country.

Best Regards,
