

from the desk of James L. Keyes

Dear Don:

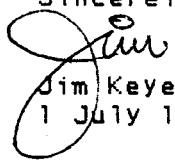

It's a rainy Saturday, so I get to work in my office instead of the yard! It's time to get a few things done around here.

I saved my letter to George Le Duc, so I have now revised it and am sending each of you a copy.

I have two photos of Howard Meute, who was KIA on 23 March 1969. His mother sent them (at my request) and I had them copied. They are in this package. I hope that you can use one of them in the reunion book.

That's about it from here.

Sincerely,

  
Jim Keyes
