Last weekend Barry Waluda, Rick Meussner, and myself met in south Florida. As Barry's phone bill will attest, we talked to most of you at that time. Isn't it something how voices stay the same! It was Great to hear from you all. Since Gordon Daniels, from Minn., and Tom Conklin, from NY., were planning to be in the Central Florida area the first week of April, we decided to have a get together of all who can make it. Barry Waluda and I are in the area and Rick Meussner said he would come up from Bogota, Colombia. That is south of here some place. Brian Chase, from Maine, said he would try and come down the same time as Tom Conklin, meet Dave "Sleepy" Fraser, in Georgia and meet us here. Art Stoneking from Arizona, said he would also try to get together with us. Tom Crull, from Texas said he would give it a try and make it. All others are invited. It has been 17 years, but we finally got something started. Lets keep it going.

I have made camping reservations at Wekiwa Springs State Park. They are for the nights of April 2&3rd more time can be spent if you want to. We will be close to all central Fla. attractions. The camp is located in a beautiful wooded area with a senic river with clear water flowing from near by springs. There are canoes to rent if you want.

Bring along any movies, slides, and scrap books of Vietnam. The camp sights are reserved in the names of; Barry Waluda, Tom Conklin, Gordon Daniels, and Brian Chase. Upon arival, let the Camp staff know that you are part of this group. The camp phone number is; 305-889-3140. See map enclosed for directions. Plan now to attend this reunion. Let me know if you plan to attend. Bring the whole family, the sights can accomodate 2 familys each, and I can make more if I know soon.

See YOU'ALL, Soon,
