

Tom Olby has discovered a new way to make parent teacher conferences short. Tom goes to the meeting with a leaky container of 'Buck Lure' in his pocket. Which reminds me, Det 1 has bragged that they will have more Wolves at the reunion than any or Det or Binh Thuy. If Olby brings his 'Buck Lure' I don't even think the guys from Det 1 will claim him.

Ok Trivia Buffs. If you saw a car with the license plate "CWOLF6", who would be behind the wheel? Hint .. he's retired and lives on the east coast.
