# The Most Exciting Free Attraction in the Southeast

The complete history of U.S. Naval Aviation unfolds around you!

The Naval Aviation Museum displays a full-scale panoramic time line of authentic aircraft and aviation memorabilia—the nation's finest collection of historic Naval, Marine and Coast Guard aircraft and theme exhibits.

From the earliest pioneers of Navy flight in their wood and fabric prototypes, through the World Wars and Asian conflicts, into the modern era of high-tech jet defense and space exploration. \*

## On Display at the Naval Aviation Museum

**NC-4 Flying Boat**—that made the first trans-Atlantic air crossing.

**Skylab Command Module**—in which a Navy crew circled Earth for 28 days.

**Authentic Replica**—of the Navy's first Curtiss Biplane.

**F6F Hellcat-F4U Corsair**—and many other historically significant combat aircraft.

**Original Prototype**—of the Navy's newest fighter jet, the F-18.
