

SEAWOLF MUSTER

February 1986

For several years I've had a dream; and that dream was the desire to contact some of the guys I spent a year of my life with in HAL-3. Men who's faces are still etched in my mind, men who were brothers to me, men who I thought I'd never forget. Well time takes its toll and although I've never forgot the faces I have forgotten the names.

So for a time I searched for any news about HAL-3, a reunion or whatever and I drew a blank. Finally I realized that this was something I had to do myself; besides, I was certain that there were other people who felt the same as I do. So I placed an advertisement in the Vietnam Veterans of America newsletter and I recieved a few replies and each reply brought with it the names of someone else. This led to The Camewardens of Vietnam which provided me with more names.

To date I have over 400 names in the database. I've enclosed a list of everyone with an address and those who's street address's are unknown. If your interested in a complete list send me an SASE and I will send you the entire list. If you know the name and address of someone who is not on the list, please send me their name. Even if you just remember a name, send it to me.

My long run goal or perhaps I should say our long run goal is to establish a reunion. But there are other short run rewards. Last week I received a letter from a guy who was looking for the name and address of a good friend. I was able to send him his friends address.

This organization now need a name. As you can see at the top of this letter I used SEAWOLF MUSTER but that's just my idea. So I'd like to open this up to everyone else, what name would you like?? If you have an idea just drop me a note.

I have before me a department of the Navy color print titled U.S. Navy "SEAWOLVES" ingore VC bait Mekong Delta Vietnam dated 1967 by Marbury H. Brown. Its a picture of a gunship whose crewmembers are prominate flying over a hootch that has a VC flag draped over the roof. This print is available from the Navy. Unfortunately I purchased my copy 10 years ago and do not remember any details of how or from whom I ordered the print. Pete O'Shea of Eagle, Id. has been researching this project so if your interested call him.

If you would like to write an article for this newsletter or have any comments send them to me. Your help would be appreciated.

I would like to give special thanks to Pete O'Shea for his help and contributions.

Finally I come to an subject I don't particularly care for but must address. I donate a great deal of time to this project and thats OK but I can no longer afford all the postage. Any contributions you can make will be appreciated.
