Hello Don,

Happy to hear everything is going well. Joe Mount called me last week. We were both wondering what's going on with the assoc. Was the issue about Life Membership ever decided on? Here's my dues for this year.

At the Pensacola reunion I gave Thalman some pictures of people from det 4 1970, also a video of about 80 feet of 8mm movie I took while I was there. I don't remember why I gave them to him instead of you, but did he passed them on to you. After the Pen. reunion Commander Hayes sent me another letter about what happened in Cambodia, did he send one to you. I had more detail and names, but he didn't mention to forward you a copy. This was a couple of months later. I never did meet him at the reunion.

I have copies of the incident reports (Bio's) for Reardon, Att & Houston. Do you want copies for the squadron history or did you have them already. I have more info. on Att and Houston which I will send you.

who is doing the newsletter now. I had sent Don a bunch of stuff for the wolfgram but never saw any of it. Do you know if anyone has any original Wolfgrams from 1969-1970? I would like to get copies of the time period that I was there. I have a list of books, magazines, etc. that the "Carabines" are in. I'll send you a copy if you want. Have you seen the mag. "Vietnam". We should be having an article before the end of this year. The senior editor lives in East Haven, Ct. I know him and gave him all the info I had on the squadron. There's only one more issue this year, unless it got put off till next year I hope to give him a call.

Take care,

Keep on flying

George

DET 4 69-70

P.S. the closest to a lug

I get is a 1200 Kawasaki
sure miss the fly.
