

JOSEPH R. GERBER, JR.  
Chairman

Dear Friend:

This announcement marks an historic milestone for knife collectors--and for our company. For this reason, I believe that knife collectors will look back to this "Vietnam Tribute Collection" as being one of the most important commemorative knife series ever issued.

I am proud of every one of the knives we make. But I am especially proud of the Gerber Mark II. We designed this knife over 21 years ago to help American combat men defend their lives in the jungle, highland and plains of Southeast Asia. So this distinctive limited edition has special meaning to me.

These are beautiful commemorative tributes--but like every knife we make--they are rugged and razor sharp.

I hope you will choose to add them to your collection. If you do, I know you will be proud of them through the years.

Sincerely,

A handwritten signature in black ink that reads "JOSEPH R. GERBER". Below the signature, the name "Joseph R. Gerber, Jr." is printed in a smaller, sans-serif font, followed by "Chairman" in a smaller font.
