Vietnamese Special Forces (LLDB)  
beret badge, white metal. . . . \$7.95

UN Forces beret badge. Large, very  
ornate white and gold enamel badge

keeping forces. . . . \$7.95

Katanga Gendarmerie beret badge.  
Gold plated with enamel center \$9.95

TODESKOMMANDO, "Death Com-  
mando". After searching for years,  
we have finally located the correct  
design of the badge used by former  
SS troops who fought in Indochina  
with the French Foreign Legion.  
Originally issued the standard Legion  
3e REI badge but adopted this design  
after Radio Hanoi referred to them  
as "Commandos of Death". (More  
than a decade later, American flyers  
would do the same when referred to  
as "Yankee Air Pirates"). Of special  
interest is the word DESTIN on the  
upper left of the badge. This is an  
acronym for DEutsche StossTruppen  
INDochina. Large, multicolored  
badge with French style loop attach-  
ments on back . . . . \$9.95

German skull/dagger badge. Unusual  
design has been attributed to the  
British fascists, the "Black Shirts".  
3" high, silver color . . . . \$4.95

badge. Jewelry quality remake badge  
for this scarce and attractive insignia  
of an elite Indochina unit . . . \$9.95
