

100-1148  
11. 30-1991

Cindy,

Colby and I are flying to San Diego on Monday June 19th. on Southwest Airlines Flight number 403 arriving at 12:45 PM. We will have a rental car reserved. We'll check into the Hanalei Hotel, That is where my Navy "Seawolf" Squadron reunion is being held. We're planning to spend some time with my cousin Bob Lunsford (619) 585-9642 and his family on the 19th and/or the 20th and see Lynn Novakofski who is the water ski show director at Seaworld. He was my show director at Cypress Gardens in the 1970's. On Tuesday night the 20th we're having dinner with Lynn at the home of Kenny Smith who was the ex Senior Vice President at Cypress Gardens (1950's to 1980's) and was my boss in the late 1970's.

We're hoping to drive to LA on the morning of the 21st for a consultation with Dr. Mark Meyer at the Southern California Heart Specialties I believe he works at Huntington Hospital. He is an "Electrophysiologist" like my Dr. in St. Louis. He cured Don Alexander, a friend of my sister's, that lives in LA. Dr. Meyer's office has been trying to see if they can work me in on the 20th or 21st but it looks a little doubtful at this point. If not, I will, at some point, get an appointment with him for a phone consultation.

Colby and I are hoping, at this point, to drive to L.A. Wednesday even if the Doctor appointment falls through. We would like to have dinner with you and Don and Carol Alexander Wednesday evening in the L.A. area. We could spend the night in L.A. that night or return to our hotel in San Diego. I hope to visit Clark and Crystal Fleming and their daughter Judy and her family in Laguna Neguel either on the way to L.A. or on our return drive to San Diego.

Reunion attendees arrive for the reunion on Thursday June 22nd. The reunion runs Friday, Saturday and Sunday with all kinds of trips, activities, meetings, meals and banquets and concludes with breakfast on Monday June 26th. I need to be at the reunion for the activities as I am one of the Association Officers (Historian/Curator). Colby and I fly out of San Diego at 1:45 PM on Monday the 26th, and get to KC at 6:45 PM. I will drop Colby off at the Lake about 8:15 PM and get home to Jeff City about about 11PM Monday night. I am still on leave Tuesday, June 27th, so I will have time to unpack, read mail, pay bills, run errands, etc. before reporting back to work on Wednesday morning, June 28th.

This is my first trip back to California since the Seawolf reunion in San Diego in June of 1991. I'm afraid I'm a little late on getting back to the West Coast. My good friend from Cypress Gardens, Callie Littlefield, who lived in San Francisco, fell to her death in a tragic climbing accident May 17th, 1999.

Sorry our plans are so tentative at this point but I'm hoping I can solidify them in the next few days. Much Love, Don T.

CLARK & CRYSTAL FLEMING
