Jack,

I'm sorry but I'm really not sure what is the best thing to do here so I will go along with whatever the majority thinks is the best course of action to take on awarding the scholarship money.

Sorry to be so "wishy-warshy" but it seems like theres the statement of record versus adapting to changing circumstances couples with setting a prescedent, and sometimes adamant opinions to consider lately. Best Regards,  
Don Thomson

Gentlemen,

I think we need to discuss the awarding of this year's essays. Although I understand Ian's reasoning for only wanting to award one this year, (we only received three), I feel the association is obligated to continue to award two as we have always done. Especially since we put it into the Wolfgram that we would have two winners. Maybe at the next business meeting we could vote on changing how many we award, depending on how many we receive.

Actually, I'm not really against make two awards. It's not the fault of those that took the time to write the essays that there were only three entries... Also, I don't know-other than last year-if we've had just 2 or 3 entries in previous years...I'm sure the results of the voting will give us two winners that are deserving of our award... My only concern was that if we had only two essays, then we'd have two automatic winners.. And what would we do if we had only one essay...Just some food for though that we should discuss...

Ian

I agree with Jack unless someone has a valid reason why we need to only award one. Maybe we need to make changes in the rules at the next business meeting. We really should honor our commitment to these students.
