

Letter From the President...

Well guys, as I write this there are just 89 days and a wake-up until we will be enjoying each other's company at the Seawolf Reunion in St. Louis. And by the time most of you receive this Wolfgram, our reunion will be just a few weeks away. Possibly even just a few days. So I hope you all are finalizing your plans.

Our Treasurer Dan Calvert has been extremely busy in the coordination of events. Elsewhere in this Wolfgram he has given us some updated information for the reunion and the St. Louis area. Make sure you **check this out**.

As for myself, I'm looking forward to the reunion and the camaraderie of my brother "Wolves". The reunions all have been special for me and likely for you as well. St. Louis is shaping up to be the best. If you need any kind of help arranging your plan for St. Louis, please contact **any** of the **Seawolf Association Officers** and they will do whatever it takes to make your individual plan a success.

By the way, as my term of being your President winds down, I want to **Thank all of You** for your support. I could not have done this alone.

Lastly, your "orders" are to be in St. Louis, 1 July thru 5 July 2002, to engage in memories, renewing acquaintances, meet new friends, party down and revere **The Seawolves**.

Fraternally yours,

*Tony Guptaitis, President
Seawolf Association*
