

Message of Importance to All Veterans

The President of the United States has recently signed into law a bill that affects all Veterans. This law states in effect that if a Veteran has not registered at a Veterans Affairs Hospital since October 1, 1996, then on October 1, 1998 he or she will lose all medical benefits for life. To make matters worse, the V.A. cannot notify veterans about this change. Please pass the word, call your local V.A. and make an appointment to come.

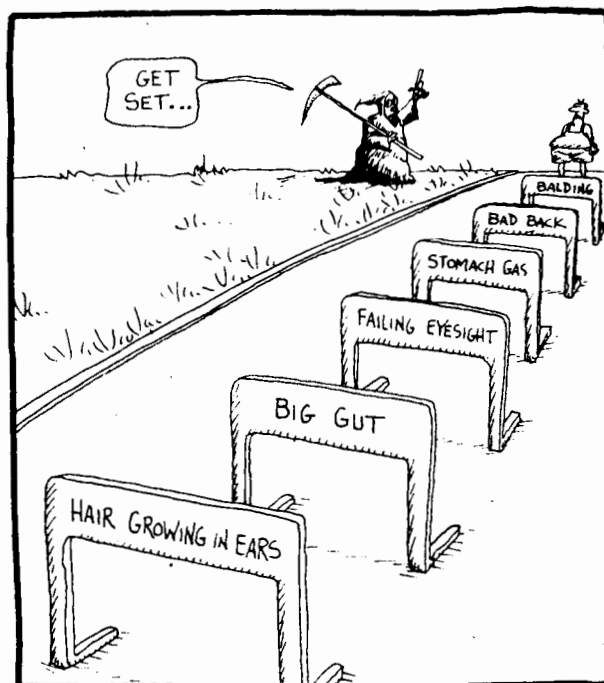

I called to verify this information and it's true. The V.A. said to come in to register, the process will take about 2 hours. Be sure to bring along a copy of your DD 214 / Discharge Papers. The V.A. recommends that everyone come in to register whether you have received treatment or not since 1 October, 1996, that way no one will slip through the cracks. By the way, if you don't have your DD-214, your local V.A. office can help you get a copy.

Again, please pass the word to any veteran that you know.

Dwight T. Granlund

A Fellow Seawolf

P.S. Looking forward to seeing you in Jacksonville!.
