Subj: Correspondence re: "Doc" Spence

1. I took the liberty of writing the letter of condolence to Flora Spence, a copy of which is enclosed. This, however brings to light a problem that has existed and not been addressed satisfactorily to date -- that of having a position of Chaplain for the organization, preferably a volunteer. As time marches on, we all become more vulnerable to the grim reaper and need to track these things more closely.

2. Along these lines, it should be noted that Doc Spence was killed in February 1993 and we had no indication until his wife returned my "Pay or go to jail" notice enclosed with the reunion information. Quite embarrassing to say the least. I'm wondering if there should be a procedure in place to follow up on these type of situations to ensure that this doesn't happen again. Perhaps a telephone contact by the chaplain would be the answer. I have called a couple of delinquents and received one telephone disconnected and one tearful out of a job and cannot afford it.

3. Think of other things that we might need to discuss at the business meeting and let me know. If I have sufficient time, I will prepare an agenda.
