Dear Seawolfs,

It was good to speak with the two you on the phone about your association, about your coming reunion, about your history efforts, and about how the VHPA could work with you better.

Dan, I'm mailing you a copy of the last membership Directory and a copy of the last Newsletter as you requested. I've also taken the liberty to start a VHPA membership application for you. You can see from pages 206 thru 208, 234 thru 238 and the index on page 318 that I am serious about knowing more about HA(L)-3 and printing information about it in front of lots and lots of folk.

Don, I'm sending you a copy of the 1994 VHPA Calendar as we discussed. I'd send one to both of you; but they cost me over \$15 each and I only have a few to play with between now and October when I build next year's. I hope you will take it to your Reunion and see if any of your friends are interested in providing me access to one or two GREAT pictures for next year. I'd love to have one of a SEALORD - I don't think I've ever seen one period, let along one good enough for the calendar.

On a new subject, I mailed the copies of the HA(L)-3 official histories back to the old VHPA Historical Committee chairman who is in poor health. I will get them back (but it may take some time) and then I'll get you copies. They are very good.

Finally, I am very interested in getting a neat Seawolf story for a future Newsletter article. I've had some success working with individual Marines to get the material you've seen in the last three (really four counting the one currently at the printer) Newsletters. We are "past due" for a Navy story!! Can either of you help me or suggestion someone that I could call?

Anyway, hope to hear from you again. If you just want to call me and talk this stuff over - fine with me. Thanks again!!
