Don Thompson
Hal-3 Seawolf Association

Good Morning,

We have attached a sample of name/address labels from Label Products.

Currently we advertise in Polaris (subvets of WWII), Leather Neck (Marines), Naval Affairs (Navy/Marine/Coastguard), and have received wonderful response by offering these unique labels.

Label Products also offers labels to the Women's Marine Association, the 1st Marine Association, the Marine Raiders and Pearl Harbor Survivors. These associations allow us, free of charge, to insert an order blank, an article or a small display ad in their newsletters. We, in-turn, provide an opportunity for the members to purchase labels imprinted with their association logo. Please contact us if you would be willing to work together to provide this benefit for your members.

As a thank you for allowing us to advertise, we will send you a complimentary set of labels. All we need is the art for your logo, your name, address, etc.

If you find it necessary to require payment for advertising, please forward the information.

Thank you for your time — we look forward to hearing from you soon.

Sincerely,

Joanne Benner
