Seawolf (HAL-3) Assoc.

1988 #3

July

HERE'S THE NEWS WE HAVE BEEN WAITING FOR  
The NEXT SEAWOLF  
REUNION  
June 9-10-11, 1989  
in  
PENSACOLA, FLA

So reserve the date, for some good times and a historic event.  
The Seawolf Hal-3 Association will be placing a fully decked out gunship into the  
Naval Air Museum. I will pass on more information as it becomes available. Now  
a special thank you to Don Thompson and Dennis Russell for their efforts in  
finding a Free Huey for us.

The UH-1B, U.S.A.

Why do you always ask us when we begin to dream?  
Why do we sit alone not fitting into life's scheme?  
We flew, all around Vinh Long, as almost in a dream.  
The Mekong flows forever -- football island has no team.  
We earn the holy dollar and are thankful for the means.  
We pray the mighty Seawolf may rest far behind the Scene.  
We will be thankful to the Naval Air Museum in Pensacola for giving us our  
dream.

To my friend, George Page, who gave his life in service to the U.S.A.

Our fiscal year 1987 ended June 1st (this organization was started at the KC reunion in 1987). This makes 1988 dues now due. Remit \$20 to Howard Jacobs, 520 Association. Please make your check Payable to Seawolf Hal-3

When the March newsletter went to print we had 263 names and addresses of Wolves, 83 of whom had paid the 1987 Dues. Since then 43 more Wolves have paid 1987 dues and 12 have paid 1988 dues. To date we have the names and addresses of 277 Wolves. Remember Hal-3 had approx. 3,000 men. We've come along ways in two years and we almost have ten percent of the entire crew. With the reunion coming and all the advertising that will generate I hope we can double our list of found Wolves. The 1987 Kansas City reunion gave us a mandate: Find all 3,000 Wolves. That's a tough assignment, but since when have we let tough assignments bother us!

Here's a rough game plan. We need to find an artist who can produce some camera ready advertisement for the Pensacola Reunion. Do I have a volunteer? Once we have the advertisement masters, the Regional Reps will be given an advertising budget to spend as they deem best in their region. We will send notices to all Vet Centers, and will scrounge for all free advertisement possible. Like I said this is a rough plan, your suggestions are needed and are appreciated.

Please review the enclosed address list. If "your" information is wrong or missing, let me know.
