

# WOLFGRAM

Seawolf (HAL-3) Assoc.

To Seawolf Officers and Regional Reps

The time draws near when we will have to decide on where to hold the next reunion. As of this writing I have no factual data on whether we will or will not have a bird to place in the Pensacola Museum. As I have mentioned in previous correspondence if we do not have a answer to the Huey donation by the end of May 1988, I favor shifting the reunion to Minneapolis. This will be a disappointment for all of us, but I fear we may not have a choice. It takes time to make reunion arrangements. Don T. can testify to that.

This is a big decision, I need your thoughts.

-----  
Once we have the reunion site and date established I can have advertisement photo ready artwork done. The artwork can then be used by all of us.

I see this as a job all of us must do. For example; each rep would be responsible for his area, place advertisement and make whatever contacts necessary. Another person can be incharge of military reunion newsletters, D. Thompson did a super job for the last reunion and perhaps would do it again. On the plus side, we have finances to support us and a mandate from the membership. If you incur an expense, contact Howard for reimbursement.

-----  
Dues, the last newsletter with its pre-stamped dues envelope was successful, we've received in the neighborhood of 45 dues receipts, Howard's had to work a bit. What about 1988, as of next June this organization will be a year old and 1988 dues will fall due. Do you have any suggestions on how we should go about collecting 1988 dues?

Newsletter:

Anyone have any contributions to Seawolf Trivia?

How about writing an article .... I know it's easier to let someone else do it ... but what if someone else doesn't! The newsletter will become more viable with more than one lonesome writer.

This organization started with an idea that all of us share to locate our lost brothers. Let's make 1988 a banner year. We now have about 280 names and current addresses of Wolves, just about double what we had at the KC reunion. I'd like to double it again and have over 200 wolves at the next reunion. The KC reunion was great with just 60 Wolves present, what would 200 be like.

Well, what's next, where do we go....
