...

14-00000

A tilted, grid-like document, possibly a ledger or a list, with handwritten text. A large, dark, diagonal line is drawn across the center of the page, obscuring much of the content. The text is mostly illegible due to the angle and the line, but some words are visible, such as "WEDS" and "WED".

Mission Narrative - 16 Jun 67 Janssen

(S)(GP-4) Jolly Green 56 (low bird) and Jolly Green 53 (high bird) were on alert at Nakhon Phanom RTAFB, on 16 Jun 67. At 1405 hours, Wolf 2, reported low on fuel at a position 335/38NM from Channel 89. Jolly Greens 56 and 53 were scrambled by Compress at 1410 hours and proceeded toward the last known location. Wolf 2 had been reported to have flamed out and ejected by his wingman, Wolf Lead. The course of flight was changed several times as conflicting locations were given for the downed pilot. Wolf Lead finally gave the location as 330/28NM from Channel 89.

(S)(GP-4) The pilot was located in a large savannah, with a group of indigenous persons gathered around him. Jolly Green 56 landed to recover the downed pilot and his equipment, while Jolly Green 53 proceeded to the site of the aircraft wreckage and surveyed it. The pilot's condition was fair. He was suspected to have a sprained or broken ankle and a possibly dislocated hip. The pilot was returned to Channel 86 where he was met by a Flight Surgeon and Ambulance. No enemy fire was encountered, and no problems encountered on the pick up.
