

July 5
Dear Mom + Dad + Kids,

Hi, and how is everyone. I fervently hope all is O.K. I received the letter from state today. Thank God, it had me going. Well I still need 2 more statement, ¹ That I am a full time student at night with enough credits. ² That due to overcrowding in day I will go night until Feb + start over then. Tom, I will go to the ED. center tomorrow + see if I can pick up that form + mail it back to you. I don't know but maybe you could pick the subject. It will be History I think no math, and any other interesting subject. Just get me the credits or subject that I need

to be a full time student. Well
one good we are still in the
race & that for sure. I'll chisel
on that farm as soon as I can. &
will write tomorrow. Other than
that all is good, I have a
jeep now, just hope I keep it
as long as I can. Glad to hear
the family is all fine. Well all
for now. Take care & keep
smiling

Love,
Robert.

O.S. Tom, you should know at
least one girl working in the office
at state. Take her out but
get those letters (I don't care
even if you have to propose to
her) only joking she a little
on the fatly side.
