Hi Robert.

I hope that you are fine.
for myself I'm OK.

Well I was really surprised
to hear that you came down
my house. I'm very sorry I wasn't
home, I felt bad about it.

I plan on going down to
see you this summer if its
alright with you.

I love to drive so I'll
enjoy the ride down and you
can show me around New Jersey.

Well I smashed up my Corvette
about a month ago and its still
in the body shop.

I hope that all is well
with you and also the family,
please give them my regards.

Write when you find time.

Take care

Bill
