Hi,

I'm back in the old grind of things now, out in the jungles again - rainy weather and soggy cigarettes are the Plan of the Day. I want to thank you all for such a wonderful time I had while I was aboard. I have never seen so much cooperation between both services since I started out on my career in the Marine Corps.

I just can't thank you all enough for your hospitality that you showed to all the marines that boarded the New Jersey on the 26th of Oct. This is the NAVY/MARINE CORPS TEAM. I only wish I could have stayed longer. You have one of the finest crews on any ship within both fleets and I have been aboard many Naval Vessels. To the Officers and Men of the USS New Jersey (BB-62) I salute you for an enjoyable two days of relaxation. Thank you, Kenneth F. Horne, SSGT, USMC P.S. Hello to all at the CPO Quarters, Thank you again.

SSGT HORNE'S address is L-3-9-3rd Mar. Div F.M.F., FPO San Francisco 96601

8. The newsmen who are aboard are:

Jack Walsh - UPI Saigon Bureau
Dick Rosenbaum - ABC Saigon Bureau
George Esper - AP Saigon
Rod Norberg - Minnesota and North Dakota Radio Stations

and Long Beach's own Buck Lanier.

Help them get the information they need and do everything possible to see that they enjoy their short stay aboard NEW JERSEY.
