

THE AMERICAN NATIONAL RED CROSS

30 Oct 1967

My dearest Friends

well here I am in Japan and to-day. The Major told me that I will be returning to the USA. It seems that they can not operate on my leg? Knee because of the Blood clot I had for 3-6 months.

I also want to thank all of you for all you did for me. I have never met a better group of people so dedicate to the good of all and I am proud to have met and know people like you. The line soldier has no fear only as there are people like you. May all your time in Vietnam and after be the best.

well I guess this is all I can say except that I will never forget your kindness to me. I close your friend forever.

Sgt C. Robert H. McEwen

I would like this letter be show to the Commanding Officer of the 91st Evac. because

I mean every thing I say. Keep up the
good work.

Your Friend Forever.

Sgt Mac
