Dear Mrs. Marshall:

Thank you for you letter of 20 February, and for the donation in your husband's name. I am sure he will appreciate the thoughtfulness your family has shown in supporting the Aviation Museum in his behalf.

The Museum Foundation has recently turned the necessary \$2.5 million over to the government for construction of the new museum. We hope to have a groundbreaking ceremony in early Spring. Your husband's name will appear in the new museum's recognition hall upon completion of construction.

A set of twelve prints, "The Evolution of Army Aviation" is being sent to you for your husband. I hope they will reach you in plenty of time for his birthday.

Once again, thank you for the gift to one that benefits many.

Sincerely,

Shelley A. Black

SHELLEY A. BLACK
Director of Administration
