SUBJ: (C) Preparations for Military, Political, and Military Proselyting Attacks in Nov 69 by Vung Tau City Unit, T7 Region.

(C) Items 1-2: (2 pages, typewritten; B-3) Directive with envelope, precedence ((VC)) SECRET, dated 27 Oct 69, signed by Lê Minh Nguyễn for A183 ((possibly Vung Tau City Unit Headquarters, T7 Region)), forwarded to subordinate K's and H's ((possibly units and agencies)), outlines the major military, political, and military proselyting tasks to be accomplished in Nov 69.

The document relates that the struggle to demand an end to the SVN war and the complete withdrawal of the US troops from SVN was promoted by the American people throughout the United States on 15 Oct 69, and has been supported by the people the world over. Meetings have been held in Sweden by more than 600 youths and student delegates from over 60 countries to compel the Nixon administration to cease its war of aggression in SVN and to pull out all the US and satellite troops from SVN.

Although they sustained heavy political defeats, the Thiệu Kỳ Huông Government and the Americans continue to maintain their reactionary standpoints. They refuse to enter in serious negotiations with the SVN Provisional Revolutionary Government; to form a coalition government; and to hold general elections in compliance with the 10-point solution presented by the NFLSVN in May 69.

We ((VC)) are to deal deadlier blows to the Americans to force them to stop their war of aggression. We are to inflict on them heavier military, political, and diplomatic defeats. We are to compel them to give up their sinister conspiracy in the de-Americanization of the SVN war. We are to compel them to entirely withdraw US and satellite troops from SVN, to de-escalate the war in a weak position, and to settle the SVN war immediately.

To respond to the deceitful speech which would be delivered by ((President)) Nixon on 3 Nov 69 and to support the upcoming struggle of the American people for peace in SVN and the withdrawal of the US troops from SVN, we are to launch intensive attacks in all aspects on the enemy ((FWMAF/RVNAF)) on 14 and 15 Nov 69.

In the military field, we are to carry out annihilation attacks on the ((RVN)) People's Self-Defense, Popular, and Regional Forces, accelerate the annihilation of tyrants, and conduct deep penetration raids. We are to strive to fulfill half of our combat criteria established for the last three months of 1969 in Nov 69.

In the political field, we are to complete the political reorientation of Party members and civilian agencies to heighten their revolutionary spirit for the accomplishment of their missions in the days ahead. We are to intensify our propaganda activities. We are to popularize enemy failures and our victories. We are to make the local population fully realize the military, political, and diplomatic defeats ((of the US and RVN Governments)) to instigate them to rise up. We are to generate political struggles to demand an end to the war, serious negotiations with the SVN Provisional Revolutionary Government, the formation of a coalition government, a halt in the raising of taxes, free movement, the withdrawal of the US and satellite troops from SVN, and better living conditions. We are to win the cooperation of the residents in the ((possibly Vung Tau)) City, especially the students, to promote the local antiwar movement in support of the antiwar movement in SVN and throughout the world.

In the military proselyting field, we are to strive to implement the instructions given in the previous directive ((no further information)) to deepen the disintegration of the Puppet ((RVNAF)) troops.

Of vital importance, we are to accelerate the annihilation of the ((RVN)) administrative personnel at hamlet and village levels, so as to gradually loosen the ((GVN)) administrative grip, to expand our revolutionary organizations, and to accelerate the antiwar movement ((in SVN)) in support of the struggle campaign for peace, which would be initiated by the American people on 14 and 15 Nov 69.
