SUBJ: VC Binh Dinh Province Party Current Affairs Committee, VC Region 5. (U)

12-1628-70

(0-Dec 70) (6 pages, typewritten; B-3) Directive 19-CT, dated 23 Jun 70, with the signature block of Nhon for R.T.3 ((possibly aka VC Binh Dinh Province Party Current Affairs Committee, VC Region 5)), provides instructions for intensifying the elimination of counterrevolutionaries; disrupting the accelerated pacification program; gaining control of the population; and expanding the liberated ((VC-controlled)) areas. Document contains an assessment of the friendly situation since the end of ((Campaign)) K7, and reveals strengths and weaknesses in security maintenance. Document states that security regulations have not been strictly observed by concerned personnel. Some made the mistake of killing entire families, youngsters, and friendly personnel. Others disregarded re-education methods. Members of Party Chapter Committees, the army, and the security branch did not properly appreciate the role of the people's security task in this emergency phase. In addition, the policy of suppressing counterrevolutionaries of the Party has not been fully understood and properly implemented.

In order to exploit the successes recently achieved and to be prepared to gain major victories in the future, all Party Chapter Committees were to: (1) Intensify the liquidation of tyrants ((GVN officials)), the reformation of local administrative officials, and the suppression of spies and forces which exercise oppressive control; (2) gain and maintain control over the population; (3) thwart the accelerated pacification program; (4) build up friendly forces; (5) make preparations for counter-attacking the enemy; and (6) expand the liberated areas in order to disrupt the Vietnamization program and other plots of the enemy.

Document contains detailed instructions to implement this directive.
