(U) (2 pages, handwritten; B-3) Circular 367-BA/70, dated 7 Oct 70, with the signature block of Tư Bình for TV BA ((meaning Current Affairs Committee, VC Region 3 Party Committee; possibly forwarded to all province Party committees, city Party committees, specialized sections, and branches of VC Region 3 Party Headquarters and VC Region 3 Youth Group Committee)), outlines the conduct of political indoctrination courses to study Directive 11/CT70 issued by COSVN concerning the intensification of youth proselyting tasks. Document states that during the political indoctrination courses, friendly personnel were also to study the provisions of Directives 26/CT70 and 60/CTNT issued by the Current Affairs Committee of COSVN, and a resolution adopted by BA ((possibly VC Region 3 Party Committee)). The purpose of this study was to motivate youths in the three ((geographical)) areas to prevent enemy ((RVNAF)) conscription and to establish an assault force to carry out revolutionary tasks. Document states that the motivation of youths was very important, not only to thwart the pacification and Vietnamization programs, but also to meet the long range requirements of the Revolution. During the motivation of youths and teenagers, the People's Revolutionary Youth Committee was to build up a firm determination among its members in all areas, including liberated rural areas, contested areas, and towns and cities under the enemy's oppressive control. Emphasis should be placed on ((VC)) agents in different wards, hamlets, villages, trade unions, and schools.
