~~MIG Tale Untrue,~~

N. Vietnam Says

HANOI (AP) ^{6/23/73} North Vietnam Thursday denied a Saigon report that North Vietnamese MIG warplanes had intruded into South Vietnamese air space.

The Saigon military command reported Wednesday that Vietnamese MIGs had made two passes over South Vietnam's Quang Tri Province on Monday.

North Vietnam's official Radio Hanoi said Thursday both it and North Vietnam's official news agency had been officially authorized to "reject and deny this totally untrue and completely imaginary story by the Saigon clique."
