VIETNAMESE GROUP IN PARIS CALLS FOR THIEU'S OUSTER

LPA From North Vietnam [Clandestine] in English to East Europe and the Far East
1602 GMT 5 Apr 75 BK

[Text] South Vietnam April 5 LPA--The Central Committee of the Vietnam Free Forces in Paris on April 1 issued a statement urging Thieu's overthrow, according to LPA correspondent in France.

Exposing the crimes committed by the U.S. and the Thieu junta, the statement points out that facts of the past 2 years have proved clearly that the U.S. Government and the Thieu administration are bent on continuing the policy of "Vietnamization of the war".

It points to the humiliating defeats sustained by the Thieu junta, and refutes President Gerald Ford's fallacious remarks on the question of refugees in South Vietnam.

The statement stresses that the only thing President Ford can do to help the South Vietnamese people is to discontinue the U.S. military involvement and intervention.

The statement calls on the people in those urban areas of South Vietnam still controlled by the Thieu administration to enhance unity and rise up under the banner of peace, democracy and national concord to get rid of the Thieu puppet administration, the main obstacle to the restoration of peace in South Vietnam.

The statement calls on personnel of the Thieu administration abroad to think the matter over and join the nationalist and patriotic forces to work for peace and national concord.
