Moscow TASS in English 2119 GMT 7 Apr 75 LD

[Text] Paris April 7 TASS--A spokesman of the delegation of the Provisional Revolutionary Government of the Republic of South Vietnam at consultations of the two South Vietnamese sides in the Paris suburb of Celle Saint-Cloud strongly condemned in a statement circulated here the expanding U.S. military participation in South Vietnam.

The United States, the statement says, has sent to South Vietnam's coastal waters four aircraft carriers, dozens of other naval ships and is planning direct military interference in South Vietnam.

The delegation of the Provisional Revolutionary Government of the Republic of South Vietnam at the consultations of the two South Vietnamese sides in Celle Saint-Cloud strongly condemns this action of the United States, which is a rude violation of the Paris agreement on Vietnam and a provocation against the Vietnamese people.

The statement stresses that neither military actions nor threats will prevent the South Vietnamese population from conducting its just struggle for peace, independence, democracy and national accord in South Vietnam. The statement stresses that in accordance with the Paris agreement on Vietnam the United States should cease all military participation and interference into the internal affairs of South Vietnam.
