Liberation Radio [Clandestine] in Vietnamese to South Vietnam 1000 GMT 15 Apr 75 SG

[Text] In early April, the People's Revolutionary Committee of Tan Phu Province, which is part of the old Long Khanh Province, organized two training courses to provide professional orientation for 80 village and hamlet cadres.

In the course of their training, the cadres were very encouraged by the visit of the chairman of the provincial People's Revolutionary Committee who talked about the tasks of the village and hamlet administrations in the newly liberated areas.

All of the trainees pledged to exert all-out efforts to serve the people and to resolutely build and defend the liberated areas.
