Mom & Dad,

I'm here only a couple of days now, and already looking forward to terminating this tour.

My first letter I mentioned how long the work hours would be - I was mistaken because at most of the time it will be 07:30 to 17:00 hours - which isn't bad at all.

Getting used to the food is going to take a little time, but no doubt as for a food you I'll make my way at another. All the drinking material has some sort of preservative or another. The ice used for a cold drink - has a lot of Vitamin in it. Once the adjusting has occurred the next will be doing hill sailing.

Currently employed with keeping myself busy with reading or working out.

My ID # is 13857

P.S. Dad I'll send you the money for my flight to California - soon.
