Dear Mom & Dad,

First I am writing another letter to let you know everything is going well. That is, my spirit & attitude is basically keeping happy & busy.

I hate to say it again, but there's nothing new with me. The weather has been somewhat on the rainy side the past few weeks. The lightning storms are something else over here. A rain storm comes in so fast, and then before you realize it you're in a down-pour. Everything is relatively flat so you can see the rain falling a good mile away.

2.  
The elections are over now, and  
all is back to normal. Things  
were somewhat tense around here, as  
I'm sure you heard. But, now I'm  
approachably half way in eleven days,  
then it's all down hill.

Dad, It was good talking to  
you the other day. Please sell  
the speakers & use the money, if  
you don't I'll be super mad when  
I get home. I'm going to buy all  
pioneer stereo equipment - so  
please sell them. I don't want  
the money back - cause I'm  
sure I ~~owe~~ it to you for something.

- Mom, I hope all it will <sup>be</sup>  
with you - lost any more weight?  
How is the boat coming?

- I mailed a bunch of things  
home for myself, please let me  
know when they arrive. They will  
include: dishes, salad bowl set,  
silverware, corn server set, please  
put them away for me. Also the  
end of this month I'll be mailing  
a bunch of more things for myself  
& everyone else.

I'm looking forward to  
coming home for permanent life - that  
is,

- If there's anything you  
need - please say so.

all.  
Take care, I miss you

Love  
Arnold
