Dear Mom & Dad,
Thank you all for making this
past Christmas, one of the best things that
ever happened to me. I never really realized
how close everyone is in the family. I
can see now how real it is that there
isn't any place like home.

Everything is going well +
hopefully the weather is about going to
get better. Getting my money organized
- so I'll be able to buy a car the
first of May. I'm looking forward to
buying the car & getting it in good running
condition. If I can have the car pretty
well paid off before I get out, it will
make it easier to do the things I want
to. Haven't been doing to much of anything
- besides trying to get back on 'style' -
well that's about all with me now.
- Hope you are all well,
and things are in their right per-
spective. Take care everyone - see you
soon again.

Love
Harold

P.S. - Dad, don't send this money back -
remember I want to pay for those telephone calls. m
