II. Are there any other kinds of food you would like? List here:

1 pr. reading glasses, same frames

1 pr. distance glasses, same amber tint, same frames

(I think one of the hook-nails steals them - from now ~~on~~ they stay locked up when not on my nose. Sorry)

III. Should we continue to send Jurgens Complexin Bar? Yes

IV. Have you received the following Packages:

books from Fred's Library

Yes

cassette cleaner + Mendelssohn cassette

Yes

food + 4 cassettes (inc. Magic Flute)

Yes

food from Inooney

Yesterday

food inc. brownies

Yes

V. What do you weigh? (Dues who requested that question?) 450 lbs in my steel-soled boots

$$AC^2 = AH^2 + CH^2$$

$$3^2 + 4^2$$

$$9 + 16 = 25$$

$$AC = 5 = AB$$

$$BC^2 = BD^2 + DC^2$$

$$= 7^2 + 7^2$$

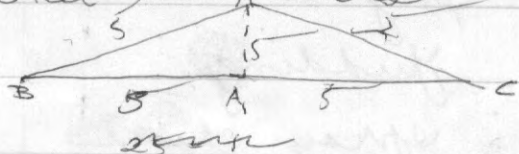

$$= 49 + 49$$

$$= 98$$

$$BC = 9.8 (\pm)$$

about 10

which is close enough for GRE

Area = 25 about?

took 15 min to solve
