SUBJECT: Letter of Commendation

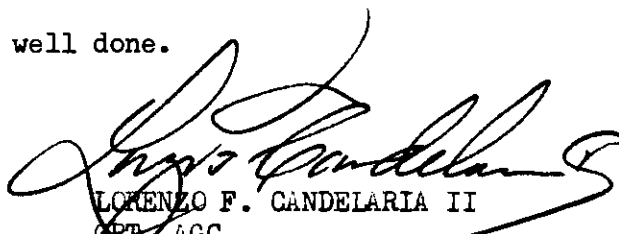

Private First Class Robert Rigoulot
Office of the Adjutant General (Cas Br)
Headquarters, 23d Infantry Division
APO San Francisco 96374

I take this opportunity to commend you and express my appreciation for the outstanding performance of duty displayed during our "mass casualty" incidents during the period 18 March - 20 April 1971.

It is during these particular trying periods that the value of training and cross training of an individual is put to test; in this you have excelled by not only performing your own duties but also those others required. Your high caliber of loyalty, initiative, devotion to duty and dependability in the performance of your duties was indeed gratifying. The long hours you spent insuring that all casualties were accounted for and that the proper actions were taken to insure prompt and accurate notification of higher headquarters and in the final end, the next-of-kin attest to the fact that this command is fortunate in having an individual of your caliber in the Adjutant General Casualty Branch.

Congratulations on another job well done.
