Hi There.

I received your letter yesterday and I want you to know I appreciate your taking your time to write this.

I would have written you much sooner. But I have just returned from R&R (which is spent in Remang Maylayasa)

Now you had special question and I will try to answer each and every one. First in different units the rules are different as to what you can get. Me I can get anything and everything. Because I am stationed at a base camp. In the field though I

(2)

have to give up some-
things like everybody else.
You said gum. Well that
is fine, except when you're
on the line. See what
I mean. You also asked
about the RYGTWERS.
Well, that may be combat
support or construction
support. IT varies with
the type of job. Mine
is in demand. I blow things
up.

I am sorry to stop
here. But I must go.

Sincerely,

Steven Monroe

Dear Dorothy

5 June 67

I have just returned and found both of your packages. That was very nice of you. I want to thank you, but I just don't seem to have the words that would describe the way that I feel.. Most of what you sent will be put to good use. I am affaried that the cake mix, I can not use, or any of the powdered milk. You see, the water isn't that good, and the only thing that kills the taste is Kool Air, or like that tea that you sent. The rest of what you sent will all be put to fine use....

I am sorry that I haven't written you sooner, but I have been out in the field, and I haven't recived my mail. But it was all worth the trouble... You had a question or two, that I can answer.. You asked me where I am from in Calif. Well to tell the truth, I am a Native of Southern Calif. I was borne and raised in Hollywood Calif. And that is my home now.....

I have to go now. But I will write to you soon. And let me say that if there is anything that you would like, from Vietnam, just ask. And if I can get it, you will have it.

Sincerely

Steven J Monroe.
