I

Dear Dorothy & Carlos,

Well there and how
are you feeling I've received
a couple letters from you
last week but this is
the first chance I've had
to write.

Well I certainly am
glad that all is well
with your family.

Boy it sounds like
you never have a
dull minute around
~~your house. But from~~
the way you talk some-
times you could use
a little peace and quiet.

I guess by now
your weather has
turned for the better
and it should be getting

pathy nice out. As for
 the weather here it is
 suppose to cool off a
 little but so far I
 haven't seen anything of
 the cool weather. In
 fact it has been hotter
 on some days more than
 usual.

Lately it has really be-
 gan to get touchy around
 here. We are now work-
 ing longer hours everyday,
~~and there are no days~~
 off. Since I got back
 from Bangkok, I haven't
 had one day off. These
 people here are trying
 to push us to a point
 I don't believe. If they
 don't start letting some

off & imagine myself will crack. But you can't tell these people that.

I can finally say that time is beginning to go by & rather quickly. It seems like time is really beginning to move by fast.

Old Scout is really doing good for himself. He has four catches about-
 he now for his record. I ~~was really~~ period of time.
 Besides he seems in better condition now than he ever has been.

Rich, Mike, and I aren't on the same squad any-
 more. I was moved to the opposite squad, because they

and love on A/c. But we are
still close to each other.

Well I guess I'll close
now so until my next letter
~~goodbye~~ and take care.

Love
Denny

I

Dear Mrs Villages

Hi there and how
is everything with you today?
Received your letters but
this is the first chance
I've had to write.

Rick gave me the stockings
you had sent. They fit
very nice and came in
handy.

We'll ~~get~~ from the sound
of your letters everything
is just fine by you and
I'm very happy to hear
it.

As usually it is raining
like I've never seen it
before. For the last month
it has been raining for
almost every day without
more than one day with

out a letter. There is
 mud everywhere and
 very little that we have
 to say. In fact my
 bunk finally dried the
 day before yesterday
 and last night it
 got wet again while I
 was working.

From the sounds of
 everyones letter the weather
 in Chicago area has
 turned pretty good. Boy
 I would certainly love
 to be home for summer
 but I guess I'll just
 have to wait until next
 year.

Things around here
 havent changed too
 much around here. Charlie

is still in the area but he is pretty quiet for now. We never did give our love to 76 Chi May for his birthday.

I can certainly say that I won't want to ever leave Chicago again. After I get home this time I plan on staying there and never leaving.

Pretty soon snow and I will begin to get short over here. God I can't wait till I leave this hellhole. Boy I know what the word homesickness means.

From the sounds of Margos cutting that party is really going to be a nice affair. Between all of us we should

11

a real good time.

Well I guess I ought
to end for today so until
my next letter goodbye
and take care.

Love
Denny

P.S. Say hi to all for me.

I

Dear Dorothy Carlos,

Hi there and how you
feeling I received letter to-
day and as always was
very happy to receive it.

I first off, don't worry I
haven't written for awhile
but as usual they are
keeping us quite busy. Be-
sides when I do have
spare time now, I like
helicopters as a hobby.
It is quite unusual and
very interesting.

From the sounds of
your letter it seems like
the children are keeping
you busy as usual.

Well talent sounds like
it was really nice. Why
did Alan's class pick
the "Green Berets"? It is

one of our favorite songs.
 I imagine that the
 kids are hit pretty hard
 with both days. So close.
 It is nice that they try
 to earn money for it.

The way it sounds
 Carlos is really pretty
 in some time at work.

Of course it sounds
 like his friends have some
 bad luck.

As for Rick and I we
 are working different squads
 again. And we don't see much
 of each other. His sticking
 did fit though. When I
 see him I'll tell him to
 drop a line.

Yes for awhile we had
 quite a few treats. But now
 they are just about gone

you know me don't not
 very choosy. don't you'd easy
 to please

well it sounds like your
 weather is pretty goofy. But
 it at least changes. Ours
 always stays the same, nice
 and hot. Except when it
 rains, then it goes into the
 80's sometimes.

It sounds like your
 fun just started with
 the kids getting out of
 school.

That Reader Digest you
 sent really came in handy.
 That Besides Times Fly by
 are the best magazines
 on the market.

I never thought it
 would happen but I am
 over half way through.

75

with this tour now.
Boy will be glad when
I get home.

Well I have to end
now, so until my next
letter goodbye and take care
Write soon.

Loving

Danny

P.S. Say hi to everyone for me.

Dear Brother Carlos

Hi there and how are you feeling today? Well in the last five days I've gotten quite a bit of mail from you. And as always it made me very happy to see it. Besides the magazines were really nice, also the papers.

From the synopses of your letters the kids are really trying to keep you busy. But when summer is here, children just run wild and have an ball. If I ever get married I hope I have a lot of kids. It would be real nice to see them grow up into real nice human beings.

From the house Carlos is

putting in this night to
be a raise coming to
him pretty soon.

don't glad to hear that
every one in your house-
hold is doing well. I
think about you all
quite abit.

well I guess right now
you are having quite a
problem with the children
having their growing pains.
it's really grand Jimmy I
hear that you can't buy so
many clothes without the
children out growing them.

Yes Marg, is a very
wonderful person. She
has quite a few projects
going all the time. it
people like her and
you, that we all over

here fighting for you know if the individual American, would sit down and look to see what he has, then I think a lot of people's attitude would change pretty much.

I guess everyone and everything in Cayentia will be all prepared for this summer with going to the pool and playing ball you shouldn't have to much trouble with the boys.

Well as for us the things are about same as always. But now since we bombed the hell out of Hanoi, we are expecting some action here.

pretty soon. We hurt Charley
awful bad. He had a safe
place for staying, but
now things should change.
We have made he fighting
mad, and he won't sleep
until he gets back at us.
But such is life, and we
can only wait and see.
I'll guess all close
for now. So until my next
letter goodbye and take
care.

Dear Dorothy + Carlos

Hi there and how are you all feeling? Well this past week don't had quite a few letters from you plus a package yesterday. Thank you very much.

From the sounds of your letters everyone must really be having a good time! I just wish I could be home to enjoy the fun of summer, but I'd guess I'll just have to wait until next summer.

As for around here every-thing is going just about the same. So far things have stayed pretty quiet. Besides the V.C. there's stepped up their ~~attacks~~ attacks but quite a few other forces. I just hope that they stay

II

away from us until I
leave, but I know that is
impossible.

We moved our tents
again. We are now living
up on the base again. In-
stead of down by the pen-
nub. But at least we are
a lot closer to the shower
now and the chow hall.

From what Rich says
he is getting quite a bit of
mail from home now. I
he has been writing to you
lately. I know at times
it is pretty hard to keep
up with our little writing.

For some unknown reason
our weather seems to have
cooled off a little over here.
But I have a feeling it
won't stay this way for
long.

Tomorrow we are losing few
of our people. They are go-
ing up to Fay's, and in
a month some will be har-
ing for the cat.

Ole Scout, is doing
pretty good too lately! He
has been gaining weight
and doing swell, don't
know how I'll ever be able to
give him up.

This base is really be-
ginning to change. We are
starting to grow more and
more every day. Right now we have
enlarged about ten times in
two years this ought to be
one of the largest bases in
S. K. A. But you glad I won't
be around, to see it.

14

Well it is hard to believe
but I am finally beginning to
get about. Boy will I ever be
glad to be off of this land.

This is short, but I am
going to have to leave so until
I get a little greasy and take
care.

Love
Harry

P.S. Say hi to all for me!

I

Dear Dorothy - Cuba

Hi and how are you feeling lately? I'm sorry I've taken so long to write but we have been quite busy.

Well I certainly hope that you are enjoying your vacation from the sounds of your letters you are really doing some traveling. It is nice to be able to see some of the ~~scenery~~ scenery during the summer.

From what you said I guess the weather has been pretty hot back there this summer. But I guess that is what you must expect that in summer time.

As for us things have been pretty quiet lately. As for the V.C. haven't been bothering us at all for the last few weeks. I just hope that it stays that way for awhile.

We are finally beginning to get
short now. If it is true what
they say we will be out of
here in early December. Boy will
I ever be glad to leave this
place.

Miko Rich are both dead
and Rich said to say hello
to you. If he has no chance
Miko will stop by Chicago after
he picks up his wife in Seattle.

As for living, our tent is still
nice now. We have never closed
in now. We are trying to build
a new just to make the place
a little better.

Well this is a short one but
I don't have anything else to say.
So until next time goodbye take care -
Write soon

Love,
Shane

19 Sept. 66

Dear Dorothy & Carlos,

He there and how are you all? First let me excuse myself for not be better in my correspondence. But believe my right now it is the hardest thing in the world to sit down and write. But don't forget you as very much in my thoughts always.

Well from your last letters everything sounds like they are doing pretty good for your family!

By now I imagine that the children are all in school and I imagine that makes your day a little easier. But you more than likely miss the presence of them too.

Now during the winter you will most likely remember the fun and adventures of your summer's vacation.

I will be happy when it comes time for me to be able to take vacations and such as a civilian.

It will most be very beautiful right now with the coming of Autumn. One thing I always enjoyed, was the splendor of watching the falling leaves and such.

But I guess I'll just have to wait for a year to see it again. This continuous summer over here isn't pretty at all. The only change of seasons is the amount of rain. But such is life I guess.

all of us are finding
it a little boring right now.
We are getting so close
to coming home, it is the
only thing that is on our
minds.

Everyone is fine, and send
them best to you. So far
it has been pretty quiet both
and this doesn't bother us
at all. There has been
little trouble around here
at all lately.

Right now Mike is in Bang-
kok on R-C and I imagine
he will have a good time.

Well this is about what I
wanted to say to, so till next
time goodbye and take care

Love
Denny

Dear Dr. Coates,

Hi there and how are you all doing? I received your package and with this week and was very happy to receive them.

I'm very sorry that I haven't written much but it is very hard for me to sit down and write a letter anymore. Being as short as I am I don't have the patience any more. I hope you will forgive me.

As you probably know I will be leaving the country at the beginning of the month and should be in Chicago at the latest around the 10th at latest. I will have to spend some time in Calif for discharge. Knowing that we are almost out of here is great, but at same time, it is rough. The

days are alot longer. But each is life I guess.

Am glad to hear that all is well at your home it sounds like the children are keeping you as busy as ever. It fits you all happy about that.

Rick finally got his assignment and he is going to David Matlock AFB in Ariz. I guess he is satisfied. Frank is going to Fairchild AFB in Spokane Wash. on fact Frank requested to go there exact.

Everything around here is quiet as usual we haven't had much trouble at all for awhile. Of course we are happy about this and hope it stays this way until we leave

well it won't be too long
and we will be able to
pinchly must and believe me
I am really looking forward
to that.

This place has really changed
lately it is growing quiet
about and fast. Also the officers
are getting. They are treating
us like children instead of
men most of the time now. I
bet it will really be bad
in six months.

Ole Squat, is doing fine
and it really makes me proud
to be his handker. It is go-
ing to be rough going him
Cups.

Right now we have
everything just about in a
routine. Work, sleep, eat
and then back to work

10

Well I guess that's about
all for now so until next
time, goodbye and take care -
Write soon

Love
Jimmy
