

## Foster Parents Plan

Founded 1937 • International Headquarters, 352 Park Avenue South, New York, N.Y. 10010, (212) 685-0700

Dec. 30, 1970

Dear Mr. Pike:

Thank you for your inquiry. The enclosed brochure explains how your involvement with a desperately poor child and his family overseas can improve their lives and bring the joy of meaningful, personal participation into yours. This is a time for each of us to play a part in our world, and becoming a Foster Parent is one way for you to do so.

PLAN has many schools, clubs, business colleagues and other groups as Foster Parents. If you are a group, please note that it is essential for one member to act as secretary so our correspondence with you may be efficiently handled.

As soon as possible, after your first payment is received, a photograph and case history of your Foster Child will be sent to you.

You may be interested to know that because the economy of Hong Kong is improving, no new Foster Children are being enrolled, although all programs continue for the benefit of children currently in PLAN.

We hope you will "adopt" a Foster Child and join us in bringing the peoples of the world closer together.

Sincerely yours,

Gloria C. Matthews  
Executive Director
