

V. COMMENTS OF REPORTING OFFICIAL (Be factual and specific. Add any comments which increase the objectivity of the rating.)

**FACTS AND SPECIFIC ACHIEVEMENTS:** TSgt Baker is a solid, steadfast NCO. Very capable at his duties, he is a thorough, meticulous individual with an aggressive nature that will not be satisfied short of perfection. During this period, he has displayed his abilities very commendably. He has accepted additional duties and responsibilities. Due to the trying times of his locale of duty (Iran), heavy demands were expected of TSgt Baker which he met with a cheerful acceptance. To illustrate, the day following the seizure of the U.S. Embassy in Tehran, large numbers of U.S. citizens rushed to the Embassy to evacuate. In the midst of this panic and rear, TSgt Baker procured and outfitted other MAC members with bright red waiter's vests, organized, and served complete meals to the panicked citizens in the Embassy restaurant, cheering people and earning personal comment from Ambassador Sullivan. During nighttime hours until his own departure, he worked the Embassy switchboard. These actions clearly out of the area of his normal duties illustrate his adaptability to any given situation. **SUGGESTED ASSIGNMENTS:** Any position requiring intelligence and a go-ahead, can-do ability. **OTHER COMMENTS:** By my observations, he is a fine family member, constantly upgrading his formal education and skill requirements. He sets a standard lower ranking NCOs may look up to and reassess their personal values and goals, thereby contributing to the Air Force mission.
