LAO-AMERICAN ASSOCIATION

POLICY STATEMENTS OF THE BOARD OF DIRECTORS

COPY OF LETTER OF TRANSMITTAL OF ORIGINAL COMPILATION

March 24, 1969

Mr. Louis Connick, President
The Lao-American Association
Vientiane

Dear Lou:

I have the honor to present herewith a preliminary codification of policy statements of the Board of Directors, culled from the Minutes of meetings of the Board of Directors from 1956 to the present. These statements will be kept up to date hereafter, meeting by meeting.

Obviously there have been, in the long history of the Association, many more policies determined than are recorded here. At first reading of the Minutes, however, it does not appear that there are, in fact, any others to record, for the following reasons.

First, many policies appear to have been agreed upon by the sense of the meeting, or tacitly, without formal action having been taken to adopt or accept them. They are recorded only as "suggestions," "recommendations," or reports. Some of these have been included because they have in a sense been ratified by continuing application, but others have not because it is not clear that they ever became or are currently Board policies.

Second, perhaps for lack of such a codification as this, practice or events have overtaken recorded decisions; e.g., in 1967 teachers' salaries were raised above the level found to have been last recorded in the minutes (1965); and yet it is certain that the Board approved the new schedule.

Third, some decisions of the Board have fallen into disuse with the passage of time; e.g., to establish a Sponsors' Group (which resulted in a sort of Contributing Membership), "affiliation" to LAA of other groups (such as a short-lived LAA Student Association and a group of Students Returned from the U.S.), certain statements regarding "branches" in other cities, etc.

Nevertheless, these Policy Statements will be of inestimable benefit to the staff, beginning immediately, giving us a corporate memory of the desires of the Board that governs us. I hope that they will also prove helpful to the Members of the Board in their future decision-making, and that together

we may, from time to time, fill in gaps so that we of the staff may always have a current accurate record of the Board's wishes and intent.

Respectfully,

Richard M. Hughes
Director
