Subject : Rice Distribution for refugee teachers.

I have the honor to inform you that the Ministry of Social Welfare had distributed rice to refugee teachers during the past year and the policy is given rice to the teachers who have salary 3,000 Kip per month only that is the agreement of the meeting at That Khao/Vte last year. For this year, the ministry of social welfare has sent to you like the last year for the refugee teacher not for permanent teachers.

When you received this letter, please distribute rice to the teachers then send the record to me, I really want to know how about the distribution has done. In the past time I heard that the distribution of rice made for the permanent teachers instead of the refugee teachers (Volunteer teacher).

Sincerely Yours,

I saw Thong Souk SW/Phong, this morning and he said he would work with the P&L in arriving at agreement on whom to provide rice too. Probably teachers. My comments appreciated. Butch
