To : Dr. Robert M. Martin, Chief of Party, UH Team

(signed in draft)

From : Dorothy Helele, Home Economics Advisor

Subject: Monthly Report for September, 1973

Activities and Accomplishments:

1. The 10th Grade Home Economics manuscript was turned over to Ma Kwaka prior to home leave departure on September 16. The manuscript is completed except for chapter 9 which is being checked at USAID/PH.

2. Several nutrition committee meetings were held in early September. A meeting with the Ministry of Plan is slated for September 28. A meeting of USAID personnel in nutrition related fields was held with Mr. Mann on September 10.

Other:

It is time to consider a work experience program for the 13th grade students at Fa Ngum/Vientiane. Possibilities in home economics include: teaching the 7th grade home economics class at Fa Ngum; working with RIG home economics extension, working with one of the handicraft shops or weaving establishments. Should this on the job experience take the place of regular classes for an entire trimester?
