Project Programs

1. Refugee Schools

Work is progressing well on the traditional village school being built for Thai-Chinese refugee school children who have been relocated at Pat Sap. The Khammouan Student Association is providing labor to clear the jungle and build the school.

Textbooks, notebooks, and chalk have been distributed to PSI's to assist them finish out the school year.

Local BHS staff, CEI, and private workers are also in a small approximately twenty building complex at PSI across CEC borders.

PSI's/Savannakhet, Stien, Savannakhet and Vientiane are also planning plans with CEI/Operations for temporary construction for new refugees. These facilities are completed for the month of April in Vientiane.

The AC/Thao and his staff are working on a small site for the rehabilitation of certain parts of the school. The first school complex to be repaired will be the Khammouan large school group's schools and the PSI school at PSI.

Please see the attached report on the school's progress and statistics.

2. Industrial

The Report on the PSI school's progress and statistics is attached to the report on the school's progress.
